(Faculty of Organisation & Management)

## Developing and Embedding Learner Autonomy within the Postgraduate Curriculum

### From Start to Finish: The Dissertation Journey

The dissertation is the culmination of Master's level studies and is the ultimate in learner autonomy. The research is designed to investigate the extent to which students are autonomous by the end of journey ... the research objectives are:

Explore the level and degree of learner / researcher autonomy;

Explore the student experience of supervision and learner autonomy;

Evaluate the range and quality of feedback provided to research students;

Evaluate how supervision is delivered and how supervisors are supported and developed

Methodology: Focus groups to include research students, module leaders and supervisors.
