

# Gene talk – *what will happen*

1 Each person gives their initial reaction to the dilemma, show of hands.

**Scientists/ethicists introduce themselves**

2 Think what you need to know about the science, ethics and law to decide.

3 A 'starter' question is provided in the envelope. On the blank cards, write down two more questions to ask the experts.

**Think up your questions**

**Ask the experts**

4 Each group asks their 'starter' question in turn.

5 All pupils are invited to ask 'follow up' questions of the experts.

**Discuss and decide**

6 Weigh up the arguments for and against in a discussion.  
Give everyone a chance to speak.

**Vote individually**

**Put your decision on a voting card, either tick yes, no, don't know. Give a reason.**

**Plenary discussion**
