Training Quality Standard Part B

(formerly known as the New Standard)

Summit^{SKILLS}

Building Services Engineering Providers' Event

31 July 2008 - Birmingham

Dear Colleague

The Development Programme for Train to Gain and SummitSkills invites you to attend an event on **Thursday 31st July 2008** in **Birmingham** from **10.00 am until 3.00 pm**.

The purpose of the event is to share with you a suite of resources that have been developed to assist training providers in the building services engineering sector who aspire to achieve Part B Training Quality Standard certification for excellence in building services engineering.

Participants will receive advance copies of the resources which they will be able to start using immediately to help them with development planning or when preparing an application for certification. The event provides an excellent opportunity to pose any questions that you may have directly to the author of the resources and/or SummitSkills as well as the opportunity to network with other providers. [A draft programme can also be downloaded](#). Once you register you will be sent further information.

The event is being delivered jointly by the Development Programme for Train to Gain and SummitSkills.

This is a one-off event and places are limited, so if you would like to attend please register online at <https://www.lsneducation.org.uk/user/bookevent.aspx?eventnum=2999> or call **0845 071 0800** as soon as possible.

We look forward to seeing you there.

Best wishes

Judith Cohen
