

For dinner at Saturday evening I have arranged a beautiful location in Nijmegen, De Kolonie, in walking distance from the University and both hotels (in all cases about 15 -20 min walk).

From about 18.30 local time (or earlier on a private basis) all of us are expected - as a group of students, staff, husbands, childs etc. to have a meal in this restaurant, and with opportunity to have a small party afterwards in the bar department, with option to make music ourselves (acoustic, or else we have to take our own equipment).

Although HAN is happy to sponsor a part of the drinking costs during dinner, there still remains 30 euro (20 pounds) for each participant to pay (for children I still have to negotiate the price with the restaurant owner). This covers a very nice meal - I hope and trust - and any drinks during the meal. We expect you to have the money cash and ready to pay to me that very evening.

When we move to the bar I am afraid people have to pay their drinks themselves.
