

***Vocational Learning,
Employer Engagement and
Widening Participation***

**Building Pathways Project
Annual Conference**

A one day conference to showcase the activities of the BP partnership in providing vocational and work-based learning, including engagement with employers and the dissemination of Aimhigher activities.

**The Source, Meadowhall
Thursday 21 April 2005**

9am — 4pm

Conference Fee £55

The conference will include presentations covering:

- ◆ National and local policy and practice in developing Centres of Vocational Excellence in FE colleges
- ◆ An employer perspective and support for the local skills strategy
- ◆ FE and HE perspectives/experiences in delivering vocational learning

Key note addresses from National LSC CoVE development team, a local employer, FE and HE representatives

Workshops will take place on practice in FE colleges and dissemination of Building Pathways and other Aimhigher projects

Who should attend?

- ◆ FE and school practitioners involved in vocational education and training provision including new Foundation degrees
- ◆ Higher Education admission tutors from universities and FE Colleges
- ◆ Training Providers involved with Apprentices
- ◆ Representatives from Local LSC, Sector Skills Councils, Employers
- ◆ Connexions and Career advisers
- ◆ Aimhigher practitioners
