

Students as role models

Ex-students who had moved on from Northern College were invited back to talk to current students about their experience. The sessions included social work, nursing, financial support, and life as a university student.

60 Students
participated

Using ex-students makes the sessions 'come to life' and inspires current students to take that next step.

The ex-students were able to:

- Give advice on selection procedures
- Talk about how they manage on a student loan
- Enable students to compare and contrast different universities
- Talk about the demands of their courses and say what they are really like
- Make HE seem like a realistic option.

The students who attended gained a lot of insights and tips from these sessions which helped them in preparing for the next stage in their educational journey.
